CEF, Biggleswade

Project:
CEF, Biggleswade

Contractor:
Bowmer & Kirkland Ltd

Architect:
Woods Hardwick

Value:
£1.1m

Location:
Biggleswade

Client:
CEF Electrical

Working with Bowmer & Kirkland Ltd, we carried out the roofing and cladding works to a new distribution warehouse for leading electrical wholesaler, CEF Ltd.

This new 165,400 sq ft distribution centre was the first building to be built on the 60 acre business park at Stratton Park, Biggleswade. The new building sets the standard using a striking mix of Kingspan KS900 MR in a mix of colours along with an impressive entrance feature.

Products used – Euroclad Elite 2 roof cladding, Kingspan KS900 MR wall panels, access hatchs and various roof penetrations.
